Axon TASER Training Advisory | July 20, 2020

Instructor Certification Extensions

Axon’s mission is to protect life, and we prioritize the health and safety of our employees and customers above all else. We have been monitoring guidance from local, state and federal public health authorities regarding COVID-19 (coronavirus) to ensure we are making the best decisions during this fluid situation. Given the recent increased COVID-19 exposures, social distancing guidelines and travel restrictions, Axon is implementing the following changes:

Axon TASER Training is extending current:

- Basic Instructor Certifications through December 31, 2020.
- Master Instructor Certifications through 2021 to allow Instructors to register for posted courses

Axon will continue to monitor the recommendations of public officials and social distancing efforts, and will advise of any additional changes that may be required in the future.

We hope you and your families remain safe during these challenging times.

Sincerely,

Axon TASER Training Team
