COVID-19 Cancellations for Axon-sponsored Courses

Axon’s mission is to protect life, and we prioritize the health and safety of our employees and customers above all else. We have been monitoring guidance from local, state and federal public health authorities regarding COVID-19 (coronavirus) to ensure we are making the best decisions during this fluid situation. Given President Trump’s recent guidelines to avoid social gatherings involving more than 10 people and to limit discretionary travel for 15 days, Axon is implementing the following changes:

- Effective immediately, Axon is cancelling all Axon-sponsored training courses through April 30, 2020.

- To minimize the amount of disruption to our customers that may be caused by these cancellations, Axon is extending a 90-day grace period for all Instructor Certifications expiring on or before July 31, 2020. For example, if you are a Certified TASER Instructor whose certification expires on May 1, 2020, the certification is extended 90 days and will not expire until August 1, 2020.

We recognize some of these measures may be an inconvenience and we sincerely appreciate your patience during this time. **If these changes cause you or your agency significant disruption or concern, please reach out to Axon’s Training Team at training@taser.com to discuss the possibility of alternative options.** Axon will continue to monitor the recommendations of public officials and social distancing efforts, and will advise of any additional changes that may be required in the future.

We hope you and your families remain safe during these challenging times.

Sincerely,

Axon Training Team
